

**Subject: Application for the Global MBA Program at MASH International School of Business (MISB)**

**Dear Admission Committee,**

I am Rajesh Chhetry , a driven and passionate individual with a strong foundation in business studies and a fervent desire to further my education in management. Having completed my secondary education with a CGPA of 8.8 under the CBSE curriculum, I have consistently demonstrated a commitment to academic excellence. My academic journey, combined with practical experiences and a deep-seated interest in the dynamic field of business, has inspired me to pursue an MBA at the Berlin School of Business and Innovation (MASH) in France.

My academic journey began with a solid foundation in commerce during my higher secondary education at Liberal College, Manipur, where I developed a keen interest in subjects like economics, accounting, and business studies. The rigorous CBSE curriculum equipped me with critical thinking skills and a disciplined approach to learning. This background laid the groundwork for my pursuit of higher education and shaped my decision to delve deeper into the world of business.

During my academic years, I actively participated in various extracurricular activities, which honed my leadership and teamwork skills. These experiences have not only enriched my academic life but also provided me with a broader perspective on the practical applications of business principles. My involvement in community service and group projects has fostered a sense of responsibility and a collaborative spirit, both of which are essential qualities for a successful career in management.

The fast-paced and ever-evolving nature of the business world fascinates me, and I am eager to contribute to it by gaining advanced knowledge and skills through an MBA program. My short-term goal is to acquire a robust understanding of management principles, particularly in areas like strategic planning, financial management, and marketing. In the long term, I aspire to assume leadership roles within an organization where I can drive innovation, lead teams, and contribute to sustainable growth.

MASH's reputation for providing a global perspective, combined with its innovative teaching methodologies and focus on employability, makes it the ideal place for me to pursue my MBA. The university's emphasis on practical learning, coupled with its strong network of industry connections, will provide me with the skills and exposure needed to thrive in the competitive business environment. Additionally, studying in France, a hub of global business and culture, will offer me invaluable insights into international business practices and broaden my cultural understanding.

I am confident that the MBA program at MASH will equip me with the expertise and experiences necessary to achieve my career aspirations. I am excited about the opportunity to contribute to the MASH community and to learn from its diverse student body and distinguished faculty. I am eager to embark on this transformative journey and am grateful for your consideration of my application.

Yours sincerely,  
Rajesh Chhetry
